

Anti-Single-stranded DNA-binding protein WHY2, mitochondrial antibody

Catalog: PHY1775S

Product Information

Description:	Rabbit polyclonal antibody
Background:	WHY2 is a homolog of the potato p24 protein. WHY2 is localized to mitochondria and not the nucleus. WHY2 is a member of the Whirly family proteins present mainly in the plant kingdom performing various activities related to DNA metabolism. <i>Arabidopsis</i> WHY2 can bind to single strand DNA to promote accurate repair of DNA double-strand breaks over an error-prone repair pathway.
Synonyms:	WHY2, ATWHY2, WHIRLY2
Immunogen:	KLH-conjugated synthetic peptide (16 aa from Central section) derived from <i>Arabidopsis thaliana</i> WHY2 (AT1G71260).
Form:	Lyophilized
Quantity:	150 µg
Purification:	Serum Peptide affinity form antibody available upon request at info@phytoab.com .
Reconstitution:	Reconstitution with 150 µl of sterile water. "Note: please spin tube briefly prior to opening it to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tube".
Stability & Storage:	Use a manual defrost freezer and avoid repeated freeze-thaw cycles. 12 months from date of receipt, -20 to -70°C as supplied. 6 months, -20 to -70°C under sterile conditions after reconstitution. 1 month, 2 to 8°C under sterile conditions after reconstitution.
Shipping:	The product is shipped at 4°C. Upon receipt, store it immediately at the temperature recommended above.

Application Information

Recommended Dilution:	Western Blot (1:1000-1:2000) Note: Optimal dilutions/concentrations should be determined by the end user.
------------------------------	--

Research Use Only

Expected/apparent MW: 26 kDa

Confirmed Reactivity: *Arabidopsis thaliana*

Predicted Reactivity: Among species analyzed, the sequence of the synthetic peptide used for immunization is 80-99% homologous with the sequence in *Medicago truncatula*, *Brassica rapa*, *Brassica napus*, *Vitis vinifera*, *Gossypium raimondii*.

For more species homologues information, please contact tech support at tech@phytoab.com.
